

Looseleaf services are now digital

Power your team with the resources
they need to succeed

Lexis® Red introduces looseleaf services in digital format, a new app for your computer or mobile tablet device

The pressures on Hong Kong law firms have never been greater. Competition is fierce, offices are shrinking and clients are expecting more, faster.

Making sure staff have access to critical research materials is instrumental in meeting these challenges. Wherever you go, and whatever the time, you need answers. Access content in court, at the office or on the move with Lexis® Red.

LexisNexis Hong Kong has been publishing authoritative local content for more than 20 years, building on a 200 year global history. Now our local Hong Kong looseleaf publications are available in digital format, allowing you to carry your library with you wherever you go. **Find the answers you need, when you need them.**

Introducing Lexis® Red

Lexis® Red is an innovative referencing tool that provides **online and offline** access to your entire looseleaf library.

It is an award winning application, developed by LexisNexis to meet the specific **reading and research needs of the 21st century lawyer**. Combining the familiarity of printed looseleaf content with **the time and space saving** benefits of digital, Lexis® Red gives everyone in your firm access to their own personal copy of your most trusted looseleaf services.

We understand that when researching, practitioners don't read in a linear fashion, instead text is used as a reference tool, to quickly find and mark sections of interest. Lexis Red allows you to replicate this behaviour on a mobile device or laptop through its **sophisticated search, highlighting, tagging and annotation functionalities**. In addition, interlinking between sections helps you skip through the content to find relevant information, while further reading links take you to key cases in your Lexis HK online account.

Once you have downloaded your looseleaf you are free to work online or offline, secure in the knowledge that your notes will save automatically, and sync to your account as soon as you reconnect. **Content updates are automatically sent to your account for download**, and your annotations and highlights will seamlessly transfer across to the new version.

Lexis® Red is...

Efficient Lexis® Red reduces the need for physical office space by enabling your team to carry their entire binder collection with them, and eliminates painful and timely paper filing.
