

Law of Partnerships in Singapore

Including LLP and LP

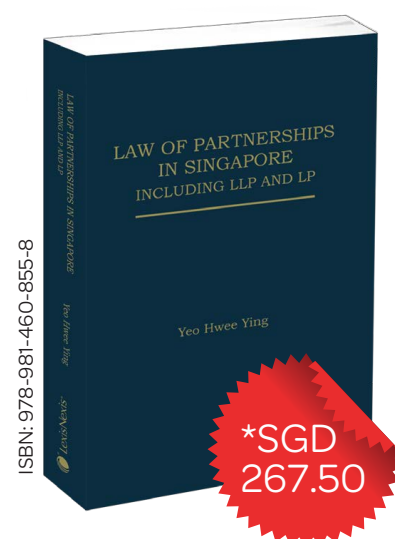

Yeo Hwee Ying

This book explains the rules and workings of Partnership, Limited Partnership and Limited Liability Partnership Law in Singapore. It provides ample reference to related cases reported in Singapore, Malaysia and various other jurisdictions with similar partnership statutes. This local work on partnership law takes into account how this branch of law is applied to Singaporean businessmen and professionals who either set up or deal with partnership firms.

The material covered will be useful to not only undergraduates and other students studying for professional examinations, but also busy practitioners and businessmen who require a good reference to particular aspects of Singapore's partnership law.
